## EXPERIENCE

September 2022 – Present

**Author's Representative and Co-author** • Media Luna • Madrid, Spain

Due to my passion in education, languages, and human development, I have written a chapter in a biographical non-fiction book (TBA) that discusses many of the questions that arise in the areas of up-bringing, specifically focusing on children with developmental differences. My chapter focuses on the experience of being bilingual in a monolingual education system. Since the book's main publisher is located in Spain, I am also the primary representative of the message of the author.

February 2022 – Present

**Volunteer Tutor** • Tutor the Nation • Online

I firmly believe in the provision of equal education opportunities across society. Therefore, I started volunteering for Tutor the Nation, an organisation supporting students from unprivileged backgrounds throughout their GCSEs and A-levels. Since then, I have had two tutees achieve their desired grades that have allowed them to get into the college/university of their choice.

April 2021 – Present

**EFL/ESL Teacher** • Preply • Online

I have completed a total of over 500-hours teaching online via the digital learning platform Preply. Although using a digital platform is often frowned upon, it has allowed me to transform traditional teaching methodologies, tailoring my lesson plans to the individual needs of each student. Thus, propelling their learning journey.

February 2019 – Present

**Freelance Translator and Proof-reader** • Online

Language skills are an inevitable result of my multicultural upbringing. Enabling me to cultivate translation skills within my personal life, which I then transported into my career. I have worked as a translator and proof-reader, mainly working with non-fiction texts ranging from lengths of 10 pages to a book with a 40,000-word count.

September 2019 – April 2020

**Warehouse Operative** • Ingram Micro • Daventry, England, United Kingdom

The tasks I undertook included picking and packing items at the Warner and Universal warehousing facilities as well as stock-checking and labelling. This role enabled me to build team working skills, through which processes to reach targets were accelerated.

## EDUCATION

---
